COETZER OPTICAL SYSTEMS (Pty) Ltd

Aerial Fiber Optic Cable Junction Box

Overview

Fiber splice enclosure box is used for aerial, strand-mount FTTH "tap" locations where drop cables are spliced to distribution cables. There are mainly two types of fiber optic cable joint box available in Copperled, horizontal types and dome type (also called vertical type). Price and other details may vary based on product size and color. OTB-0624AOHK is a fiber optic terminal box that has two side doors for loading fiber optic splitter & fiber optic adapter, fiber splicing and fiber distribution. It is outdoor aerial handed application. Fiber optic terminal box are available for the distribution and terminal connection of various. Unisol Fiber Optic Joint Enclosure Box is a high-performance, rugged solution built to support the protection, organization, and long-term management of fiber optic connections in outdoor and harsh environments.
