

Chinese distribution boxes with sockets

Overview

China Socket Boxes, Socket Boxes Wholesale, Manufacturers, PriceDesign engineers or buyers might want to check out various Socket Boxes factory & manufactu.

Key Takeaways

Chinese distribution boxes with sockets are versatile electrical enclosures designed for industrial, commercial, and residential use, available in various materials, sizes, and configurations, often with waterproof and customizable options. Types and Materials

Chinese distribution boxes with sockets come in several types depending on application and material:

- **Industrial Socket Boxes:** Often made from high-quality ABS or PC polycarbonate, these boxes are durable, flame-resistant, and can be customized for fuel resistance or UV protection .
- **Metal Electrical Boxes:** Typically used for heavy-duty or high-current applications, providing robust protection against mechanical damage .
- **PVC Electrical Boxes:** Lightweight and corrosion-resistant, suitable for indoor installations and cable management .

- Combined or Modular Socket Distribution Boxes: These integrate multiple sockets and circuit breakers in one enclosure, often with IP65 or higher waterproof ratings .

Features

- Waterproofing: Many industrial boxes achieve IP65-IP67 protection, ensuring safe operation even in outdoor or wet environments .
- Customizable Sockets: Boxes can accommodate different currents, voltages, and pole configurations, including 10A, 16A, 32A, and 3P+N+E industrial plugs .
- Modular Design: Some boxes allow expansion or segmentation to fit specific project requirements, maximizing space and flexibility .
- Portable Options: Certain models are designed for mobility, with integrated handles and compact designs for temporary or field use .

Applications

These distribution boxes are widely used in:

- Industrial and manufacturing plants
- Construction sites and mining operations
- Airports, hotels, and ships
- Power, lighting, and communication systems
- Environmental and sewage treatment facilities

Sourcing and Customization

Chinese manufacturers and suppliers offer:

- OEM and branding services: Custom logos, busbar configurations, and cable entry modifications .
- Wholesale options: Pricing varies by order volume, specifications, and customization requirements, with some suppliers offering next-day shipping for stock items .

- Free samples: Many factories provide samples for evaluation before bulk orders .

Leading Suppliers

- Made-in-China: Offers a wide range of socket boxes with customization options .
- Alibaba: Direct sourcing from factories for distribution socket boxes .
- Kingsun Electrical: Specializes in metal, PVC, and junction boxes with OEM services .
- CNHERH and Chtaixi: Focus on combined and industrial waterproof socket boxes with high IP ratings . These options make Chinese distribution boxes with sockets highly adaptable for diverse electrical projects, combining safety, durability, and flexibility.
