

COETZER OPTICAL SYSTEMS (Pty) Ltd

Custom DC distribution box manufacturer in the UAE

Overview

J&HW Group specializes in delivering high-quality custom power distribution boxes tailored to your unique needs.

Key Takeaways

Kesher Automation, Al Safeenah, and Perfect Automation & Innovation are leading UAE manufacturers offering custom DC distribution boxes for industrial and commercial applications.

Key Manufacturers

Kesher Automation Kesher Automation is a prominent manufacturer and exporter of industrial distribution boxes in the UAE, providing custom-built, energy-efficient, and CPRI-approved solutions. Their products are designed to protect electrical circuits from overloads, short circuits, and faults, ensuring stable power supply for machinery and critical systems. They offer customizable configurations for seamless integration with existing electrical networks, robust enclosures, real-time monitoring, and long-term reliability in harsh operational environments . Al Safeenah Al Safeenah manufactures a wide range of distribution boxes suitable for DC and AC applications, constructed from high-impact carbon steel, stainless steel, or thermoplastic. Their boxes feature IP65/IP66 weatherproof ratings, corrosion-resistant coatings, and modular designs supporting DIN-rail mounting for MCBs, RCDs, and surge protectors. These boxes are compliant with IEC 61439-1, UL 67, and CE standards, making them suitable for industrial plants, renewable energy systems, and commercial buildings . Perfect Automation & Innovation Perfect Automation & Innovation specializes in customized power distribution solutions for various industries. They provide control panels and power distribution boxes with a focus on precision, quality, and functional design, catering to clients who require tailored solutions for DC power management .

Additional Options

Other notable suppliers in the UAE include M-Tech International, ADC Energy Systems, EMC Electromechanical, Powertech Switchgear, and TSI Limited, which offer a range of electrical distribution equipment, including low and medium voltage switchgear, substations, and turnkey solutions for industrial and renewable energy projects .

Considerations for Choosing a Manufacturer

- Customization: Ensure the manufacturer can tailor the box to your DC voltage, current rating, and breaker configuration.
- Compliance: Look for adherence to international safety standards such as IEC, UL, and CE.
- Durability: Weatherproof and corrosion-resistant enclosures are essential for outdoor or harsh environments.
- Support Services: Manufacturers offering design, installation, and maintenance support can simplify project execution.
- Scalability: Modular designs allow future expansion or integration with existing electrical networks. By selecting a reputable UAE manufacturer like Kesher Automation, Al Safeenah, or Perfect Automation, you can obtain a custom DC distribution box that meets your operational, safety, and environmental requirements.
