

Custom-made cable mesh tray quote

Overview

Choose from our selection of wire cable trays, including over 850 products in a wide range of styles and sizes.

Key Takeaways

You can request a custom quote for wire mesh cable trays from multiple manufacturers offering tailored sizes, materials, and finishes with fast response times.

- **JLH Electric** JLH Electric provides custom wire mesh cable trays fabricated from galvanized steel or stainless steel. They offer a variety of configurations, sizes, and materials, including powder-coated, PVC, and fiberglass options. Their trays feature open structures for ventilation, safe edges to protect cables, and are suitable for industrial or commercial applications. JLH offers instant online quotes, consultation, custom design, fabrication, and onsite installation, with delivery typically within three months .

- **Marlin Steel** Marlin Steel manufactures high-performance wire mesh cable trays in the USA using 304 or 316 stainless steel, powder coating, or zinc plating. Their trays are designed for durability, airflow, and load support in data centers, industrial, and commercial projects. Customers can customize wire gauges, grid patterns, and tray dimensions. Quotes can be requested directly to start a custom fabrication project .

- **Tianhong Cable Tray** Tianhong offers lightweight, flexible wire mesh trays for data centers, telecom rooms, and IT infrastructure. They provide galvanized, stainless steel, and powder-coated trays in custom sizes and finishes. Accessories, supports, and mounting kits are available, and optional tray covers or fire-resistant coatings can be included. Quotes are available based on your specifications .
 - **Patil More Exports** Specializing in bulk, customizable wire mesh trays, Patil More Exports allows widths from 50mm to 600mm, heights of 50mm or 100mm, and lengths from 1m to 2.5m. Materials include SS202, SS304, SS316, or galvanized steel. They provide full accessories, bends, and connectors, and all trays meet IEC 61537 standards. Custom quotes are provided based on drawings and project requirements .
 - **NewReach Cable Tray** NewReach offers ISO-certified mesh cable trays in steel or aluminum with open mesh designs for airflow and easy maintenance. Their trays are customizable in size, material, color, and finish, with strong load-bearing and welding strength. Quotes can be requested for tailored solutions to meet specific project needs .
- How to Request a Quote**
- **Provide specifications:** dimensions, material, finish, load requirements, and quantity.
 - **Include project details:** installation environment, cable type, and any special requirements (e.g., fire resistance, corrosion resistance).
 - **Contact suppliers:** Use online forms or email to request a quote; many suppliers respond within hours or a few business days.
 - **Compare options:** Consider lead time, material quality, certifications, and after-sales support. By reaching out to these suppliers with your project specifications, you can obtain accurate, custom quotes for wire mesh cable trays suitable for your industrial, commercial, or data center applications.
