

Custom-made fiber optic cable clips price

Overview

Custom Fiber Optic Pigtailed for Sale FS offers custom fiber pigtailed in any connector & fiber type with tight buffer, armored and Custom Cable Configurator.

Key Takeaways

Custom fiber optic cable clips typically start around \$2.49 per unit for small wholesale orders, with prices varying based on material, size, and customization. Pricing Overview

Standard fiber optic clips for outdoor deployment, designed for 5-8mm cables, are available at an average wholesale price of \$2.49 per clip, with a minimum order quantity (MOQ) of 10 units . Prices can increase depending on the material (nylon, PVC, ABS, steel, stainless steel, or rubber), environmental resistance, and specialized features such as sliding or expandable mechanisms .

Factors Affecting Cost

- **Material:** Nylon and thermoplastic clips are generally more affordable, while stainless steel or heavy-duty steel clips cost more due to durability and corrosion resistance .
- **Customization:** Clips designed for specific cable diameters, outdoor conditions, or unique mounting requirements may carry higher prices. Custom orders often require consultation with suppliers to determine exact costs.

- Quantity: Bulk orders usually reduce the per-unit price, while small or low-volume custom orders may be more expensive.

Applications and Recommendations

- Outdoor telecom installations: Durable nylon or stainless steel clips are recommended.
- Indoor or low-stress environments: PVC or ABS clips provide a cost-effective solution.
- Sensitive or mobile setups: Flexible rubber clips prevent cable damage and are ideal for server racks or vehicles .

How to Purchase Custom Clips

Suppliers like Alibaba offer a range of fiber optic clips with wholesale pricing starting at \$2.49 per unit . For fully custom clips tailored to specific cable types or installation environments, contacting manufacturers directly is recommended to obtain a quote based on material, size, and order volume. By considering material, environment, and quantity, you can select the most cost-effective custom fiber optic clips for your project while ensuring durability and proper cable management.
