

Dutch Imported Spectrometer

Overview

According to Volza's Global Import data, World imported 842 shipments of Spectrometer from Netherlands during Mar 2023 to Feb 2024 (TTM). These imports were supplied by 55 netherlands exporters to 64 World buyers, marking a growth rate of 44% compared to the preceding twelve months. SpectraPartners specialises in x-ray equipment and electro-optical equipment for radiometry, photometry, colorimetry and spectroscopy. Our wide product range touches aspects from everyday life to the most advanced science, from hyper spectral imaging to class A luxmeters. With a long history of consulting with clients across diverse industries and. The LUMOS II ILIM is a high-speed chemical imaging solution that combines powerful Quantum Cascade Laser (QCL) technology with a widefield IR camera to deliver rapid, artifact-free analysis of biological tissues, pharmaceutical tablets, and particles. Type at least 3 characters to see fast results. In 2024, the average spectrometers and spectrophotometers export price amounted to \$16 thousand per unit, falling by -5.
