

Lithuanian optical fiber cable manufacturer

Overview

Top Fiber Optic Cable Manufacturing Companies in LithuaniaDiscover all relevant Fiber Optic Cable Manufacturing Companies in Lithuania, including Workshop.

Key Takeaways

Key Lithuanian manufacturers and suppliers of optical fiber and fiber optic cables include Skaidula, Workshop of Photonics, SOMI Networks, and Baltkomas.Notable Companies

Skaidula Founded in 1989, Skaidula specializes in designing, producing, and servicing fiber optic cables and connectors. The company has a long history of collaboration with international brands like Siemens, Reichle & De-Massari, and FUJIKURA, and produces high-quality fiber optic connectors and network solutions for voice, video, and data transmission in Lithuania . Workshop of Photonics (WOP) WOP focuses on advanced fiber processing services, including the production of specially designed shaped tip fibers using femtosecond laser micromachining. Their expertise in ultra-high precision micromachining positions them as a key player in fiber optic telecommunications . SOMI Networks Established in 2004, SOMI Networks manufactures and distributes active fiber optic equipment, passive network components, and 19" cabinets. They provide custom solutions for fiber optic network deployment across Lithuania and Eastern Europe . Baltkomas Baltkomas is a professional company specializing in fiber optic network deployment using both traditional trenching and advanced installation technologies. They offer comprehensive services for building and maintaining fiber optic infrastructure . Other Companies Additional Lithuanian companies involved in fiber optic technologies include Max. Telecentras, which provides data transmission and internet services, and Integrated Optics and Altechna, which focus on laser optics and micro-optics relevant to fiber applications . These companies collectively cover a wide range of fiber optic services, from manufacturing cables and connectors to network deployment and advanced fiber processing, making Lithuania a notable hub for optical fiber technology in the region.
