

Oman Professional Explosion-proof Distribution Box Manufacturer

Overview

Products APSCO is Limited Liability Company (LLC). Our lifeblood is our quality awareness, our passion for the big picture – and our highly ATEX Certified.

Key Takeaways

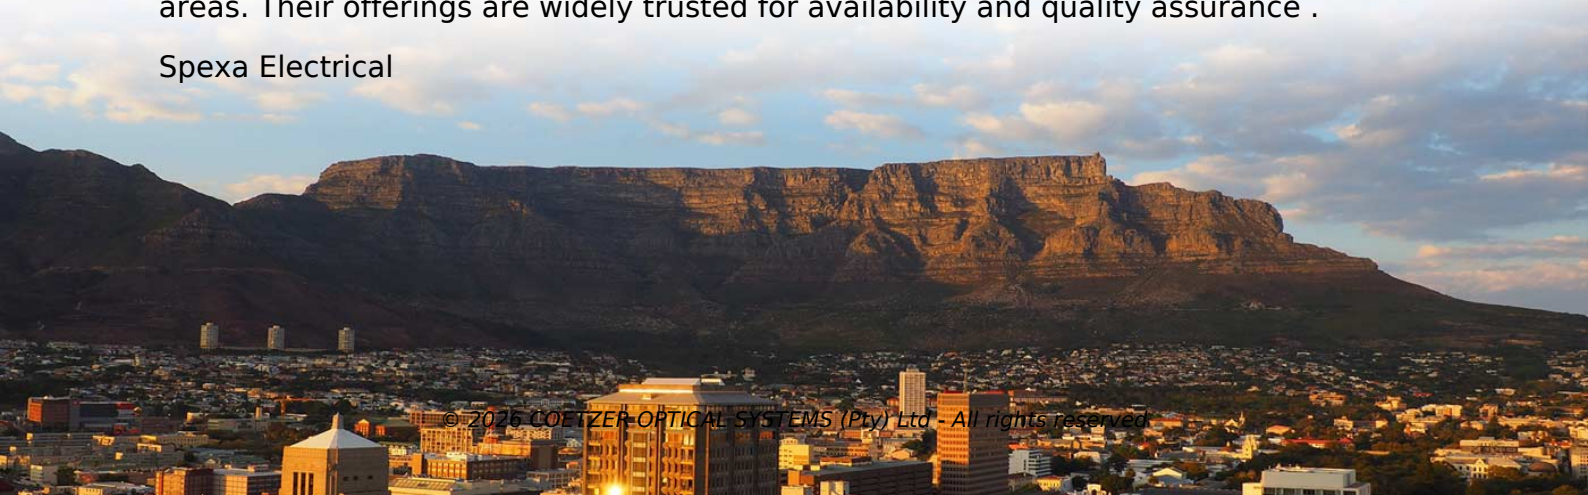

Key suppliers of explosion-proof distribution boxes in Oman include APSCO, Al Kiyumi Electric, Spexa Electrical, and Salasel Engineering Solutions. APSCO

APSCO LLC offers a range of ATEX-rated explosion-proof enclosures suitable for hazardous zones. Their products are designed for high safety and technical performance, catering to industrial applications where containment of electrical components is critical. APSCO emphasizes quality and specialized technical expertise in their manufacturing processes.

Al Kiyumi Electric & Trading Co. LLC

Al Kiyumi Electric is a leading electrical supplier in Oman, providing explosion-proof junction boxes, light fittings, and accessories. They also supply industrial plugs, sockets, motor starters, and cable management systems suitable for hazardous areas. Their offerings are widely trusted for availability and quality assurance.

Spexa Electrical

Spexa Electricals is an ISO 9001:2008 certified provider specializing in explosion-proof solutions for the oil and gas industry. They offer customized distribution boxes, LV switchgear, MCC panels, pump starters, and VFD integration. Spexa also provides on-site installation, testing, commissioning, and support for solar and battery systems in industrial and hazardous environments . Their services include expert PLC integration and cable installation assistance, ensuring compliance with safety standards .

Salasel Engineering Solutions LLC

Salasel Engineering Solutions supplies a broad range of mechanical, electrical, and instrumentation products for oil, gas, petrochemical, and industrial sectors. While their focus is broader, they can provide explosion-proof electrical enclosures and related components upon request, tailored to project specifications .
