

Price List of Stainless Steel Cable Trays in Nepal

Overview

Looking for Premium Quality Mild Steel Cable Tray Manufacturers in Nepal? Super Cable Tray Pvt. Ltd.

Key Takeaways

Stainless steel cable trays in Nepal typically cost between NPR 1,500 to NPR 5,000 per meter, depending on size, type, and finish. Price Range and Factors

The cost of stainless steel (SS) cable trays in Nepal varies based on several factors:

- **Material Grade:** Common grades include SS-202, SS-304, and SS-316. Higher corrosion resistance (SS-316) increases the price .
- **Tray Type:** Ladder-type, perforated, and wire mesh trays have different manufacturing costs. Ladder trays are generally more expensive due to higher material usage .
- **Dimensions:** Widths range from 40mm to 1000mm, and thicknesses from 1.2mm to 3mm. Larger and thicker trays cost more .
- **Finish:** Powder-coated or polished stainless steel trays are priced higher than plain finishes due to additional processing .

- **Supplier and Quantity:** Bulk orders or direct factory purchases can reduce per-meter costs. Local suppliers like Vaishno Storage Solution and Hutaib Electricals provide competitive pricing .

Typical Applications

Stainless steel cable trays are widely used in:

- Industrial plants, chemical facilities, and food processing units due to corrosion resistance .
- Commercial buildings, hospitals, and IT infrastructure for organized cable management .
- Outdoor installations where durability and low maintenance are critical .

Recommendation

For accurate pricing, it is best to contact local suppliers directly such as Kiash Electricals, Vaishno Storage Solution, or Hutaib Electricals, providing specifications like tray type, width, length, and finish. Online platforms like Daraz Nepal also list available products, which can help compare prices and availability . By considering these factors, you can select a stainless steel cable tray that balances cost, durability, and suitability for your project in Nepal.
