

Price of Genuine Optical Cable Splice Boxes

Overview

Explore a wide range of our Fiber Splice Box selection. Find top brands, exclusive offers, and unbeatable prices on eBay.

Key Takeaways

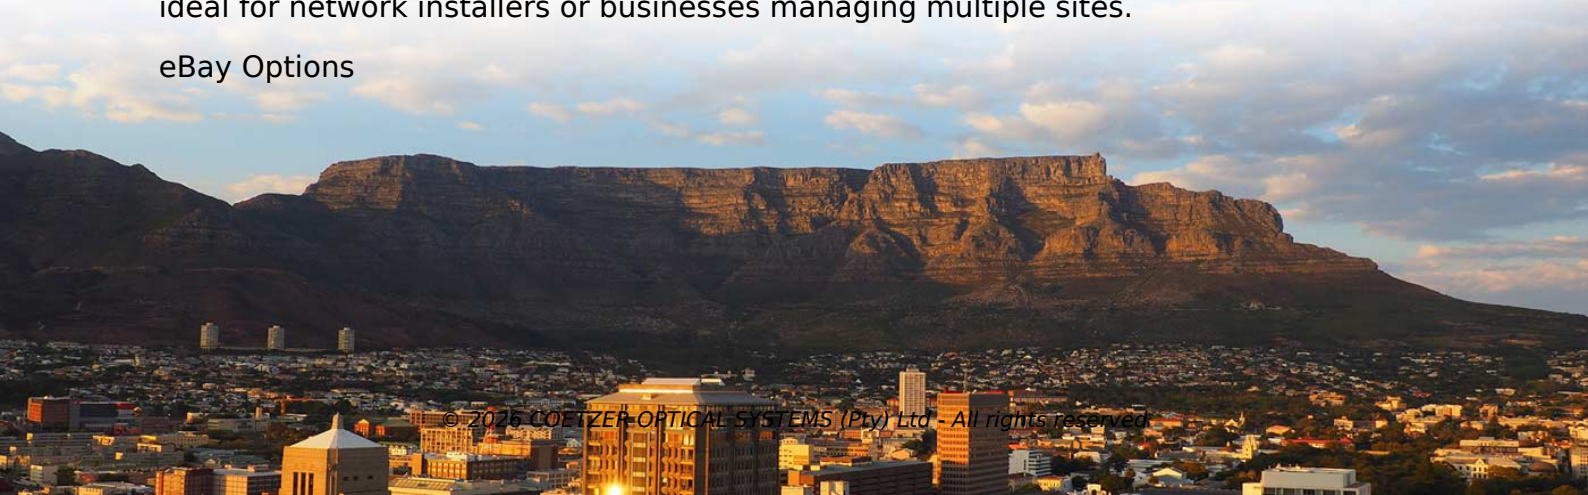

Bundled fiber optic splice boxes typically range from \$17.83 per unit for wholesale options to around \$50–\$70 for small multi-pack sets. Retail Pricing

On Amazon, small bundles such as a 5-pack of reusable fiber optic splice enclosures are available, with prices generally ranging from \$50 to \$70 depending on the brand and included couplers (SC/APC, SC/UPC, ST, LC) for maximum versatility . These enclosures are suitable for both indoor and outdoor use, protecting fiber connections from dust, UV damage, and moisture.

Wholesale and Bulk Pricing

For bulk purchases, suppliers on Alibaba offer fiber optic splice boxes starting at approximately \$17.83 per unit for quantities as low as one, with options ranging from 24 to 144 cores . Larger quantities typically reduce the per-unit cost, making them ideal for network installers or businesses managing multiple sites.

eBay Options

eBay lists a wide range of fiber splice boxes with varying capacities (12–144 splices), suitable for residential, small business, or large-scale network setups. Prices vary based on capacity, brand, and whether the box is rated for outdoor use. Outdoor models are weather-resistant, with seals to protect against moisture, dust, and temperature fluctuations.

Key Considerations

- Capacity: Choose based on the number of splices needed (12–144 splices).
- Fiber Type Compatibility: Single-mode for long-distance, multi-mode for shorter distances.
- Indoor/Outdoor Use: Ensure outdoor-rated boxes if exposed to elements.
- Bundled Features: Some packs include multiple couplers and reusable enclosures for flexibility. Overall, the price of a bundled optical cable splice box depends on quantity, capacity, and features, with small retail packs around \$50–\$70 and bulk wholesale units starting near \$17.83 each.
