Overview

We hope you will frequently use our services to place orders and connect with various suppliers through our eCommerce platform.

Key Takeaways

Power cable trays in Uganda typically range from UGX 50,000 to UGX 400,000 per meter, depending on material, size, and supplier. Price Overview

- Small galvanized steel trays (e.g., 100mm x 25mm) are available from suppliers like TRONIC Uganda Limited, generally starting around UGX 50,000–100,000 per meter for standard indoor use .
- Medium-sized trays (e.g., 150mm x 50mm) may require a direct quote from platforms like SASBUZ, as prices vary based on supplier and order quantity .
- Large galvanized trays (e.g., 400mm x 50mm) are listed on Shopit.ug, with prices typically in the range of UGX 300,000–400,000 per meter, suitable for high-capacity installations .
- PVC cable trays, which are lightweight and corrosion-resistant, are available on Amin.ug at lower cost, often below UGX 100,000 per meter, depending on size and thickness .

Supplier Options

- TRONIC Uganda Limited: Offers standard galvanized trays for indoor and under-floor installations .
- UG Cable: Provides pre-galvanized and hot-dip galvanized trays, including custom solutions for fire resistance or high-capacity projects .

- Shopit.ug: Focuses on larger galvanized trays with delivery options across Uganda .
- Amin.ug: Marketplace for PVC and other affordable cable trays, with coverage in Kampala and surrounding areas .
- SASBUZ: B2B platform connecting buyers to multiple suppliers; requires registration and quote requests for pricing .

Considerations

- Material: Galvanized steel is more durable and suitable for outdoor or heavy-duty installations, while PVC is cost-effective and corrosion-resistant.
- Size and Load Capacity: Larger trays or those designed for high-capacity cables cost more.
- Length: Standard lengths are usually 3 meters, with 6 meters available on request, which may affect pricing.
- Delivery and Installation: Some suppliers include delivery, while others may charge extra depending on location. For accurate pricing, it is recommended to contact suppliers directly to request quotes based on the specific tray size, material, and quantity required.
