

Singapore Jiyue Distribution Box Manufacturer

Overview

Asiatic Group The range of modern electrical installation and power distribution systems for national and international Enclosure | The Enclosure People Pt.

Key Takeaways

Sunlink Engineering, Asiatic Group, and The Enclosure People are key suppliers of distribution boxes in Singapore, including Jiyue-compatible and custom solutions.Sunlink Engineering

Sunlink Engineering specializes in metal distribution boxes (DB Boxes) for industrial, commercial, marine, and infrastructure projects in Singapore and Johor, Malaysia . Their DB boxes are fabricated using precision CNC laser cutting, bending, and controlled welding, ensuring robust structural integrity and accurate dimensions. They offer full customization for material, dimensions, opening layout, and surface finishing, making them suitable for housing electrical panels, circuit breakers, switches, and instrumentation components .

Asiatic Group

Asiatic Group distributes high-quality electrical enclosures and distribution boxes, including thermoplastic and polycarbonate models with IP65 to IP67 protection against dust and water . Their products are UV-resistant, halogen- and silicon-free, corrosion-resistant, flame-retardant, and self-extinguishing, suitable for harsh environmental conditions. Asiatic Group provides solutions for low-voltage power distribution and ensures compliance with international standards .

The Enclosure People Pte Ltd

The Enclosure People offers a one-stop solution for electrical and instrumentation enclosures, including hazardous area products . They distribute from reputable manufacturers in Singapore, Europe, Asia, and the USA, providing design, drawing, wiring, and assembly services. Their products serve sectors such as oil & gas, petrochemical, pharmaceutical, semiconductor, industrial, and infrastructure .

Jiyue-Specific Intelligent Power Distribution Boxes

For automotive applications, Jiyue intelligent power distribution boxes (model 2500002062) are available in large quantities, designed for front and rear vehicle applications. These boxes focus on durability, reliability, and enhanced electrical system performance, making them suitable for automotive manufacturers and repair shops .

Summary

- Sunlink Engineering: Custom metal DB boxes, robust fabrication, Singapore-based.
- Asiatic Group: Thermoplastic/polycarbonate enclosures, IP65–IP67, suitable for harsh environments.
- The Enclosure People: Full engineering solutions, international distribution, hazardous area products.
- Jiyue Auto Parts Supply: Intelligent power distribution boxes for automotive applications. These suppliers provide a range of customizable and high-quality distribution boxes suitable for industrial, commercial, and automotive needs in Singapore.
