

Standard galvanized cable trays available in stock

Overview

Cable Tray & Accessories WBT Performance Cable Tray, Shaped 4"X8"X118", Pregalvanized. Provides optimal support for high-performance data cable, up to Cabl.

Key Takeaways

Standard galvanized cable trays, including light, medium, and heavy-duty options, are widely available in pre-galvanized and hot-dip galvanized finishes from multiple UK suppliers. Available Types and Specifications

- Duty Ratings: Light, medium, and heavy-duty trays are available, with return edges ranging from 12mm to 50mm, suitable for different cable loads and industrial requirements .
 - Widths and Depths: Standard widths range from 50mm to 600mm (some suppliers up to 900mm), with depths from 12mm to 50mm, accommodating various cable volumes .
 - Lengths: Common lengths include 1-meter and 3-meter sections, allowing flexibility for installation .
 - Finishes: Options include pre-galvanized steel for standard protection and hot-dip galvanized steel for enhanced corrosion resistance, suitable for harsh environments .
- Types of Cable Trays
- Ladder Trays: Feature horizontal rungs for supporting large cable bundles and easy maintenance .

- Wire Mesh/Basket Trays: Flexible and lightweight, ideal for complex routing and commercial installations .
 - Single Rail Trays: Compact design for specific cable support needs .
 - Accessories: Bends, tees, crossovers, brackets, and connectors are available to complete installations .
- Suppliers and Stock Availability
- Direct Channel: Offers a wide range of cable trays, basket trays, ladder racks, and galvanized conduits, all maintained in extensive stock for prompt delivery .
 - RS Components: Provides hot-dip and electro-galvanized steel trays, with fast delivery and in-store collection options .
 - Edwardes: Stocks light, medium, and heavy-duty galvanized trays with 3-meter lengths and compatible accessories .
 - Metsec: UK-manufactured trays in pre-galvanized and hot-dip galvanized finishes, with comprehensive stock and high on-time delivery performance .
 - Eurostrut: Offers industrial and marine-grade cable trays, including NATO-type models, available via direct quote and webshop ordering . These suppliers provide ready-to-ship galvanized cable trays suitable for industrial, commercial, and marine applications, ensuring compliance with British and European standards for cable management.
