

Which company makes the best waterproof electrical distribution boxes for Haiti

Overview

Distribution Box Manufacturer | OEM & ODM Supplier | TIMELECTIMELEC is a distribution box manufacturer of plastic waterproof boxes and metal consumer units.

Key Takeaways

Saipwell, B&J Electrical, EWJ, and GEYA are top manufacturers offering high-quality waterproof electrical distribution boxes suitable for Haiti's tropical and outdoor conditions. Recommended Manufacturers

1. Saipwell Saipwell produces a wide range of waterproof electrical enclosures made from plastic, stainless steel, metal plates, and aluminum, with IP ratings from IP33 to IP68 and NEMA standards including NEMA 3S, 4X, and 6P. Their products are certified by UL, CE, TUV, SAA, and RoHS2, ensuring reliability in harsh environments. Saipwell offers customization services for dimensions, materials, and certifications, making them ideal for outdoor and industrial applications in humid or rainy climates like Haiti .

2. B&J Electrical (Zhejiang B&J Electrical Co., Ltd.) With over 25 years of experience, B&J specializes in IP66, IP67, and IP68 rated waterproof enclosures in both stainless steel and plastic. Their products are certified with TUV and CE, and they have a strong track record of supplying international markets, including the Americas. B&J's distribution boxes are suitable for wall-mounted, floor-standing, and knock-down cabinet applications, providing robust protection against water and dust .

3. EWJ EWJ focuses on high-end metal enclosures and IP65 outdoor distribution boxes, supporting OEM customization from prototype to mass production. Their products comply with CE, ISO9001, and RoHS standards, ensuring safety and durability. EWJ is suitable for projects requiring stainless steel or aluminum enclosures with precise specifications and international compliance .

4. GEYA GEYA's HA Series IP65 waterproof power distribution boxes are made from ABS engineering plastic with a PC transparent cover, offering excellent waterproof and dustproof performance. These boxes are ideal for residential, commercial, and factory applications, providing user-friendly push-to-open doors, cable management, and safe insulation. GEYA products are particularly suitable for humid and outdoor environments .

Key Considerations for Haiti

- **IP/NEMA Ratings:** For outdoor and tropical conditions, choose IP65 or higher (IP66–IP68 preferred for heavy rain or flooding).
- **Material:** Stainless steel or high-quality plastic ensures corrosion resistance in humid climates.
- **Certifications:** Look for UL, CE, TUV, RoHS to guarantee safety and international compliance.
- **Customization & Support:** Companies offering custom sizes, cable entry options, and quick delivery are advantageous for local installation needs. For Haiti, Saipwell and B&J Electrical are particularly recommended due to their high IP/NEMA ratings, international certifications, and proven export experience, ensuring reliable performance in tropical and outdoor conditions.
